APA 2019

Welcome to APA 2019, the world's largest and most diverse psychology event.

More than three decades ago, I attended my first APA convention and found my professional home. I benefited tremendously from presenting my research, taking on new leadership roles and meeting like-minded psychologists.

Rosie Phillips Davis, PhD
2019 APA PRESIDENT

Wherever you are on your career path, you will see there is inspiration for everyone at this engaging, four-day event. Respected experts will expand our thinking; speakers from a variety of subdisciplines will inspire and opportunities will abound to make meaningful connections for a lifetime.

APA's strategic goals focus on psychology making a significant impact by addressing the grand challenges of today and tomorrow. The desire to do so is woven throughout APA 2019. My hope is that in each session and with every interaction you will experience first-hand how psychologists and psychology embrace the shared vision of improving lives and society.

One of my presidential initiatives centers on deep poverty, which affects more than 18.5 million people who subsist at half the U.S. poverty level. For me, this issue is personal. Poverty is also personal for our opening main stage session keynote speaker, Wes Moore, *New York Times* best-selling author, decorated Army combat veteran and CEO of Robin Hood, one of the largest anti-poverty forces in the nation.

Moore overcame challenges in his early life—living on what he calls the precipice of poverty in Baltimore and the Bronx—and turned the lessons learned from those obstacles into a life of inspiration for others. Today, he is dedicated to advancing the fight against poverty, championing sustainable solutions to ensure pathways out of poverty are available to everyone. He will explore how we can work together to break barriers on critical issues.

At the opening session, I will present the 2019 APA Award for Outstanding Lifetime Contributions to Psychology to Derald Wing Sue, PhD, whose work on racism, culture, and social justice have made him one of the most influential and effective contributors to multicultural psychology. I hope you will join me in celebrating this pioneer's far-reaching contributions to psychology and society.

In addition to our keynote presentation, we are offering a compelling series of main stage programs on Friday and Saturday mornings that will showcase how psychologists and other leading thinkers are addressing critical issues of suicide and gun violence by working together in their different—yet interdependent—roles.

Then, on Friday and Saturday afternoons, I encourage you to engage with prominent thought leaders as they share ideas and new findings that inspire action and change. You'll find details of our distinguished experts' sessions on pages 22–23 in this guide, including those featuring extra time for deeper dives with the presenter.

Let APA 2019 open doors to new ideas and new possibilities. Become more involved in the conversation around the issues that matter, bring back what you are learning to improve your community and have an impact. Know that the future of psychology depends on it.

Subject Index

Presentations have been assigned one or more subject index terms, each of which has a corresponding number. The Subject Index begins on page 64 and includes key words, session numbers, and session titles.

Availability of Convention Programs

Program information is available on the APA website at convention.apa.org. In addition, you may create your own personal schedule and download the online program to your laptop or any mobile device with a browser. The APA convention mobile app also includes access to the online program.

The APA 2019 program is mailed to advance registrants who choose to receive a copy ($5.00 for the book; additional $10.00 for postage) when they register. Advance registrants can opt to pay $5.00 for the book and pick it up on-site at the Registration Desk. On-site registrants may purchase a copy of the convention program for $5.00 when they register. Replacement copies of the program will cost $5.00.

FIRST-TIME ATTENDEES

If this is your first APA convention, pick up a "NewBee"or "First-time Attendee" ribbon at the APA registration desks. New convention attendees, including APAGS students, are also encouraged to attend an orientation on Thursday, August 8, 8:00 to 8:50 a.m., in Room W19bc, Level 1–West Building, McCormick Place.

Is this your first year joining us? We have created a lounge and experience center exclusively for first-time attendees called the NewBee Hive. This is your home to get answers to your questions, learn how to navigate the large event, and meet others.

Where: Hall F, Level 3-West Building, McCormick Place.

INFORMATION DESKS

- An APA Information Desk is located in the APA Registration Area in Hall F, Level 3-West Building, McCormick Place.
- For information about the city of Chicago, attendees may visit the Chicago Concierge Desk on Level 3—outside of Hall F—of the West Building, McCormick Place.
- For information about changes in the APA 2019 Program, consult the APA 2019 Program Supplement, the APA 2019 mobile app, and bulletin boards located in the Registration Area.

WAYS TO GET CONNECTED

The APA 2019 mobile app, lets you search the APA 2019 Program and speakers, create and save your personal itinerary on your mobile device, view abstracts, download exhibitor materials, access Twitter, receive alerts, browse photos, and view videos. It runs on Apple, Android, and Blackberry.

Wi-Fi Access in the McCormick Place

Free Wi-Fi access is available for APA 2019 attendees throughout the West Building, with the exception of Hall F, and on Level 1 of the South Building of McCormick Place. The stability of this access is dependent on the number of simultaneous users. Uploading or downloading large files is not recommended.

APA Net Lounge

Network with fellow APA 2019 attendees, relax with a cup of coffee or a soft drink, access free Wi-Fi, or work on your laptop. The APA Net Lounge offers a comfortable space for spending time between sessions.

Where: McCormick Place, Level 3–West Building, outside of Hall F

When: Wednesday, August 7, 3:00 p.m.–8:00 p.m.; Thursday, August 8 through Saturday, August 10, 8:00 a.m.–6:00 p.m.; Sunday, August 11, 8:00 a.m.–noon

INFORMATION FOR FAMILIES

APA Kids' Place

A free, family-friendly play area with activities for children of all ages, along with comfortable seating for parents and an adjacent nursing space, is located near the Food Concession in Hall F on the Level 3-West Building, McCormick Place. It will be open Thursday, August 8 through Saturday, August 10, 9:00 a.m. to 5:00 p.m. each day. Please note that children must be accompanied by a parent at all times in the room.

Child Care

Parents who require child care during APA 2019 may make arrangements with existing child-care services in Chicago. APA is not endorsing these companies or accepting liability for services provided by them.

Nursing Mothers Room

The room for nursing mothers will be located next to the APA Kids' Place in Hall F on the Level 3-West Building of the McCormick Place. It will be open Thursday, August 8 through Saturday, August 10, 9:00 a.m. to 5:00 p.m. each day.

In addition, there is a Mamava Lactation Suite Pod located across from the Main Entrance, Gate 40 on Level 1-West Building of McCormick Place. Nursing mothers can unlock the suite by downloading the free Mamava Mobile App, available in the Apple App Store and Google Play App Store.

REGISTRATION

Information on registration and fees is available at convention.apa.org. On-site registration is located in Hall F, Level 3-West Building, McCormick Place.

YOUR APA 2019 BADGE

The barcode on your badge is linked to your profile in the registration database. In the Solutions Center (Exhibit Hall), scan the barcode at the readers provided in each exhibitor's booth to request information from that exhibitor.

A small radio-frequency identification microchip (RFID tag) is embedded in your name badge. APA is using RFID to monitor traffic in and out of the APA Solutions Center (Exhibit Area) and to track attendance at CE Sessions. Individual rooms where CE sessions are held are wired to capture in/out times of attendees claiming CE credits. The information captured to track CE session attendance is not used for any other purpose. These RFID tags are passive tags and can function only when within 8 feet of the electronic sensor (the reader.).

All RFID readers will be clearly marked so that individuals are aware when they enter a monitored area.

APA 2019 BOOKSTORE

Conveniently located next to registration, all books are discounted an additional 10% off already low APA Member prices. Browse offerings from APA Style, APA's full line of professional and scholarly titles, the newest children's books from Magination Press, the APA Psychotherapy Video Series, and APA LifeTools. Hear authors speak and get signed copies to take home.

Hours:

WEDNESDAY, August 7	3:00–8:00 p.m.
THURSDAY, August 8	7:30 a.m.–6:00 p.m.
FRIDAY, August 9	7:30 a.m.–6:00 p.m.
SATURDAY, August 10	8:00 a.m.–5:00 p.m.
SUNDAY, August 11	8:00 a.m.-noon

Location: McCormick Place, next to the Registration Area in Hall F, Level 3-West Building

SOLUTIONS CENTER (EXHIBIT HALL)

MEDIA COVERAGE

Special note to all presenters: After arriving at APA 2019, please e-mail your paper to public.affairs@apa.org or bring a copy of your paper on disk or flash drive to the APA Press Room, Room W476, Level 4-West Building, McCormick Place, as soon as possible if you hope to have press coverage of your presentation.

Photography and Videography Attendee Release

Attendees: I hereby grant permission to the American Psychological Association (including its agents and authorized third-parties) to record and use, or arrange for the recording of, my photograph (photograph refers to any image reproduction process, including, but not limited to, slides, pictures, movie film, videocassette tape, live television and digital photographs); use my name; and record my voice and/or comments, either written or spoken during APA 2019 the annual convention of the American Psychological Association in Chicago, IL. I understand and agree that my name, photograph (as defined above), voice, comments written or spoken or other such recording ("Recording") may be published either in print or a medium such as television, radio, the Internet, as a podcast or any other form of publication ("Publish" or "Publication") and used for commercial or non-commercial purposes, without further notice or compensation, perpetually and worldwide. I hereby grant the American Psychological Association non-exclusive rights to Publish the Recording as set forth herein.

Recording Sessions

The American Psychological Association holds the copyright of the APA 2019 Program and all its sessions. If you are a presenter, by agreeing to speak at APA 2019, you have agreed to abide by these rules.

Audiotape recorders and video equipment will be provided only for the presentation of material and not for the recording of discussions, papers or other presentations. APA reserves the right to record (video or audio) or photograph presentations at this meeting. Any other photography, filming, taping, recording or reproduction in any medium, including via the use of tripod-based equipment, of any of the programs presented at APA 2019 without the written consent of APA is strictly forbidden. Exception: Non-flash photography and audio or video recording using hand-held equipment, for strictly personal, social or noncommercial use, are permitted if not disruptive, as determined by APA. Permission from the speaker is required.

DISCLOSURE OF CONFLICTS OF INTEREST

All presenters should be aware of the importance of disclosing relationships that could reasonably be viewed as creating a conflict of interest with respect to presentation content. The general purpose of such disclosures is to allow listeners to make their own informed assessments of the presentation. Each presenter is ultimately responsible for determining whether he or she should disclose a given relationship. Appropriate methods of disclosure will vary based on the type of presentation involved.

Program Content Disclaimer

Research conclusions, viewpoints, and comments expressed by program participants in program descriptions or in presentations scheduled during APA 2019, the annual convention of the American Psychological Association, are those held expressly by the individual presenter and do not reflect policy of the American Psychological Association. Likewise, content of videos and other media shown during APA 2019 reflects the viewpoints of the filmmaker and its producers and not those of the APA.

DESCRIPTIONS OF TYPES OF PROGRAMS

- **Symposia or Panel Discussions:** A symposium or panel discussion is a focused session in which participants present their views about a common theme, issue, or question. The views may or may not be adversarial and may or may not be supported by brief mention of relevant data. After a background presentation by the chair, participants present their viewpoints, followed by interchange among participants. Sessions often end with an overview of the proceedings by the chair or a discussant.
- **Conversation Hours**: A conversation hour is an opportunity for informal discussion and exchange of ideas between the audience and usually one or two presenters. Presenters are chosen for their expertise in a particular area of current interest to members.
- **Invited Addresses:** These sessions feature a well-known individual speaking on a particular topic.
- **Skill-Building Sessions/Workshops:** A skill-building session/workshop is a program based on teaching direct skills and theory application.
- **Paper Reading Sessions:** Paper sessions present papers that have been grouped for oral presentation. A minimum of 10 minutes is usually allotted for each presentation. Time allotments will vary with each division.
- **Poster Sessions:** Papers presented within a poster session have illustrative material mounted on poster boards for the length of the session. Copies of the complete paper are available for distribution, and the first author is available at the assigned poster board for questions and comments.

Policy on Signs

All signs and posters must be approved by APA. If a session is listed in the APA 2019 Program, no signs or posters should be displayed unless a time or room change is involved. Signs are to be placed only on the APA bulletin boards located in the APA Registration Area. Notices are not permitted on hotel walls and doors and will be routinely removed.

APA 2019 Abstracts and Presentations Available in PsycEXTRA

APA 2019 abstracts and all presentations received from presenters may be added to PsycEXTRA, the gray literature database. PsycEXTRA includes professional content such as conference presentations, technical reports, policy papers, and newsletters. If you subscribe to either the Gold or Platinum member package for electronic products, you already have access to PsycEXTRA (members.apa.org/access). Or check with your librarian, as your institution may have purchased a site license for the database. To learn more about PsycEXTRA, visit www.apa.org/psycEXTRA. Speakers who have not submitted a presentation may go to www.apa.org/convention/abstracts to do so. Instructions for submitting your content are on the website.

WE HAVE MORE IMPACT TOGETHER

> “Psychologists from across the discipline are working together to make a significant impact on today’s most pressing social issues. By bringing our unique knowledge to partnerships with experts working on these issues both inside and outside the field, we can change society for the better.”
>
> **ARTHUR C. EVANS JR., PhD** CEO, APA

MAIN STAGE EVENTS

ON THE MAIN

Deep Poverty

Opening Session and Keynote

MAIN STAGE

THURSDAY, 5:00–6:30 p.m.

Deep poverty affects more than 18.5 million people in the United States. For many, it's a condition that persists generation after generation. Psychology can help lift people out of this vicious cycle. Hear our 2019 APA President share her powerful first-hand experience, learn from our CEO how APA is transforming to have more impact on critical issues like this one, and be inspired by a nationally acclaimed advocate for the underserved.

FEATURED SPEAKERS

ROSIE PHILLIPS DAVIS, PhD
2019 APA PRESIDENT

ARTHUR C. EVANS JR., PhD
CEO, APA

WES MOORE
CEO, ROBIN HOOD

KEYNOTE SPEAKER

Wes Moore

The *New York Times* bestselling author, decorated Army combat veteran, social entrepreneur, and CEO of Robin Hood—one of the largest anti-poverty forces in the nation—Wes Moore has dedicated his life to being a vocal advocate for some of the nation's most vulnerable people. From working to fund schools, food pantries and homeless shelters, to helping build better on-ramps to higher education for underserved students, Mr. Moore's life and work motivates and inspires.

STAGE

Suicide

An Event on the Power of Hope

MAIN STAGE

FRIDAY, 11:00 a.m.–12:30 p.m.

There is no single cause or cure for this growing issue, but there is hope. Psychologists from all areas of expertise are working to move the dial on suicide. In this multi-disciplinary session, a survivor shares his experiences linking advocates and providers, leading researchers share their latest on neurobiological indicators and the technologies to intervene at scale, experts discuss research breakthroughs and priorities, and an authority on suicidal behavior explores the healing power of community to build resilience within one of America's most vulnerable populations: African American men.

Gun Violence

An Event on the Power of Community

MAIN STAGE

SATURDAY, 11:00 a.m.–12:30 p.m.

Whether it's living with the threat of a school shooting, or a factor in everyday life, every American has been affected by gun violence. The problem can seem intractable, yet every psychologist has an opportunity to better prepare their communities to reduce and prevent violence. An ex-convict from Chicago's South Side returns home to interrupt violence at the level of whispers, while an author and developmental psychologist addresses early assessment and how to encourage nonviolent choices at a community level. Finally, a Sandy Hook mother, family therapist, and advocate takes a radically inclusive approach to protecting our communities.

THE NEUROSCIENCE OF LOVE AND ATTACHMENT: IMPLICATIONS FOR AUTISM

Larry J. Young, PhD

SATURDAY, 3:00–3:50 p.m.

McCormick Place, Level 1-West Building, Room W183a

Love is one of our most powerful emotions and is regulated by brain chemistry. Learn the role of oxytocin in forging pair bonds in monogamous prairie voles and the implications for love, attachment, and autism.

Larry J. Young, PhD, is Director of the Center for Translational Social Neuroscience and Professor in the Department of Psychiatry at the Emory University. He has published over 200 peer reviewed publications, including several in *Science*, and *Nature*. He earned his BS in Biochemistry at the University of Georgia, and his PhD from the University of Texas at Austin. Dr. Young's research seeks to understand how the brain functions to regulate social relationships with a particular focus on the role of oxytocin in social bonding. Much of his research uses socially monogamous prairie voles as a model organism. His work is providing insights into novel treatments for social disorders such as autism. Dr. Young is the author of *The Chemistry Between Us: Love, Sex, and the Science of Attraction*, which explores the latest discoveries of how brain chemistry influences all aspects of our relationships.

SATURDAY, 1:00–1:50 p.m.

McCormick Place, Level 1-West Building, Room W178a

I ran for President of APA on the premise that it was time for us to dream bigger about our association and our discipline and to put those big dreams into action. It is time for psychologists and society to understand that our discipline is based on a solid scientific foundation. While all the science is not there for every challenge we face, we must always remember that science is the base. It is time for APA to be more outward facing so that we can impact big societal issues. The question is how APA does both of these things at the same time? The Council of Representatives indicated to APA, Boards and Committees, membership, and the public that we must do both. The new strategic plan passed by CoR in February instructs us to transform APA: to be more outward facing; to solve real world problems; to partner with others in the world who can aid the transformation, in others, words, think more expansively and do more impactful work. To this end the current president and president-elect are committed to making the presidency about transformation. This year the two specific presidential initiatives seek to impact the public's understanding of psychology as a science through the PsycShorts video festival and to demonstrate psychology's impact on a real-world problem through a focus on deep poverty. This presentation will highlight the new strategic plan, the video festival, and the deep poverty initiative.

Presidential Programs

APA President Rosie Phillips Davis, PhD, has curated sessions designed to engage psychologists to recognize how addressing poverty is within the scope of their professional practice and provide tangible actions they can take and tools they can employ as catalyst for local impact.

The numbers noted above each session title correspond to session information in the program listing.

HOW PEOPLE LEARN II: LEARNERS, CONTEXTS, AND CULTURES

FRIDAY, 1:00–1:50 p.m.

McCormick Place, Level 1–West Building, Room W184a

In October 2018, the National Academies of Science released How People Learn II: Learners, Contexts, and Cultures. Five experts will discuss the report's contribution and practical use from the viewpoint of their specific discipline.

Participants: Margaret E. Beier, PhD; Robert Goldstone, PhD; Ruth Kanfer, PhD; Zewelanji N. Serpell, Douglas Medin, PhD; Arthur C. Graesser, PhD

2258

A BUSINESS MODEL FOR SEEING POOR PEOPLE IN YOUR PRACTICE

FRIDAY, 2:00–2:50 p.m.

McCormick Place, Level 1–West Building, Room W184a

Psychologists do not generally see poor people in their practice other than as exceptions or pro bono. There are a few psychologists who regularly see poor people as a part to their regular practice. Two psychologists will describe their business models that allow access to poor patients.

Participants: David L. Blustein, PhD; Arlene Noriega, PhD; Shilpa B. Trivedi, Psy.D.

2274

USING A TWO-GENERATIONAL APPROACH AND PLACE BASED STRATEGY TO REDUCE POVERTY

FRIDAY, 3:00-3:50 p.m.

McCormick Place, Level 1–West Building, Room W184a

This program will describe an evidenced-based approach to impact poverty in one Southern City. The Annie E. Casey Foundation has chosen the Women's Foundation for a Greater Memphis and South City in Memphis as the one of the newest communities to implement Evidence2Success. The Evidence 2Success framework is being integrated into the Women's Foundation's Vision 2020 Plan to reduce poverty in Memphis's 38126 zip code by five percent over five years.

Participants: Rosie Phillips Davis, PhD; Shante K. Avant; Sherry Avery

SATURDAY August 10

3226

BRINGING THE POWER OF PSYCHOLOGY TO THE FIGHT AGAINST DEEP POVERTY

SATURDAY, 2:00-3:50 p.m.

McCormick Place, Level 1–West Building, Room W184d

In this session, members of the APA Presidential Initiative on Deep Poverty will report on their efforts and build attendees capacity to write an opinion-editorial and conduct in-district meetings with their congressperson.

Participants: Rosie Phillips Davis, PhD; Wendy R. Williams, PhD; Blake A. Allan, PhD; Nia West-Bey, PhD; Heather E. Bullock, PhD; Mesmin Destin, PhD; Roberta Downing, PhD; Rashmita S. Mistry, PhD; Gabriel Twose, PhD; Kim Mills, MA

3239

REDUCING FOOD INSECURITY, SOCIAL ISOLATION, AND POVERTY AMONG SENIORS IN BLACK COMMUNITIES

Carolyn Tucker, PhD

SATURDAY, 3:00-3:50 p.m.

McCormick Place, Level 1–West Building, Room W184a

This presentation will highlight a community-based and community-partnered model program for reducing food insecurity, social isolation, and poverty among seniors age 60 or older who live in the poorest health zone in Jacksonville, FL.

Collaborative Programs

A centerpiece of APA 2019, Collaborative Programs feature multiple perspectives, involving more than one core area of psychology, on a topic significant to psychology and, where relevant, to society at large. These programs highlight the unique role of APA as a unifying force in psychology.

The APA Central Programming Group has scheduled 49 Collaborative Programs throughout APA 2019. Topics and session highlights are listed here. Additional details can be found in the program listings using the numbers noted above each session.

APA Film Festival

The APA Film Festival is a celebration of psychology through the lens of film. Psychology impacts almost every aspect of human existence and informs nearly every societal issue. Film, and other types of media, impact and inform the human condition as well. Bringing the two together can be powerful and inspiring.

We hope you enjoy this festival showcasing films by professional, psychologist, and student filmmakers from around the globe.

THURSDAY August 8

1094
9:00–11:15 a.m.
DISCUSSION: BOY ERASED
Directed by Joel Edgerton
115 min.

Jared Eamons, the son of a small-town, Baptist pastor, must overcome the fallout after being purposefully outed as gay to his parents. His father and mother struggle to reconcile their love for their son with their deeply-held Christian beliefs. Fearing a loss of family, friends, and community, Jared is pressured into attending a conversion therapy program. While there, Jared comes into conflict with its leader and begins his journey to finding his own voice and accepting his true self.

1187
11:30 a.m.–12:30 p.m.
WHITE RIGHT: MEETING THE ENEMY
Directed by Deeyah Khan
60 min.

This powerful 2018 Emmy Award-winning documentary brings viewers into the world of some of the United States' most prominent neo-Nazis and white nationalist leaders. The filmmaker, of Norwegian of Punjabi/Pashtun descent, explores the personal and political reasons for the recent escalation in extremism in the United States, seeking to discover what drives such hatred and leads people to consider people who look like her their enemy.

APA FILM FESTIVAL AWARD: BEST SHORT FILM

1231
12:40 – 12:50 p.m.
MY BLACK IS...
Directed by Miguel Valdez and Eunice Beato
6 min.

Young women of color set out to redefine what black is to them.

1232
12:55–1:30 p.m.
SINCERELY, THE BLACK KIDS
Directed by Miles Iton
35 min.

A documentary on the institutional challenges black student government leaders face in primarily white institutions nationwide. Across the country, universities everywhere are becoming battlegrounds for racial politics and agendas. For every loud proponent of "agreeing to disagree" that surfaces, there's a group of black students who don't enjoy the privilege of choosing to be moderate. Follow the stories of black student leaders from American University, Cornell University, Clemson and New College of Florida in a documentary of triumphs and tribulations that prove sometimes it IS because you're black.

1311
2:00 – 3:35 p.m.
MINDING THE GAP
Directed by Bing Liu
93 min.

This Oscar nominated documentary is a coming-of-age saga of three skateboarding friends in their Rust Belt hometown hit hard by decades of recession. In his quest to understand why his friends all ran away from home when they were younger, first-time filmmaker, Bing, follows 23-year-old Zack as he becomes a father and 17-year-old Keire as he gets his first job. While navigating a complex relationship between his camera and his friends, Bing explores the gap between fathers and sons.

FRIDAY August 9

2086
9:00–10:10 a.m.
WHEN ALL THAT'S LEFT IS LOVE
Directed by Eric Gordon
77 min.

The emotionally gripping story of a wife's determination to care for her Alzheimer's-stricken husband in their home. With unprecedented, behind-the-scenes access, the film reveals the toll that the disease takes on families coping with Alzheimer's disease, while also showcasing the power of love that sustains both patients and caregivers.

2148
10:15–10:25 a.m.
THE ABSENT CARER
Directed by Laetitia Cazaux
10 min.

The film is about old age, loneliness and the different facets of caregiving. Caroline, a middle-aged, emotionally-detached, always-serious caregiver, goes through her days on auto-pilot. When she makes a mistake and breaks a plate at work, her disabled, elderly patient, Olivia, reaches out to her, seeing her distress. When Olivia persuades Caroline to tell her a joke and subsequently explodes in laughter, the serious caregiver again remembers and appreciates the importance of human interaction. She then decides to rebuild the bond with her own ill, bed-ridden mother. (Foreign Film Entry: United Kingdom)

2192
11:00 a.m.–12:55 p.m.
DISCUSSION: WON'T YOU BE MY NEIGHBOR?
Directed by Morgan Neville
95 min.

Those who grew up watching Mister Rogers' Neighborhood are familiar with Fred Rogers' warmth, patience, and capacity for fostering social and emotional intelligence. This beautifully-crafted documentary explores the profound influence his work had on the lives of others, with interviews from family, friends, and co-workers shedding light on just how far his reach was and continues to be, particularly during divisive periods in our nation's history.

2249
1:10–2:15 p.m.
ERASING FAMILY
Directed by Ginger Gentile
63 min.

Parental alienation, or the process by which one parent manipulates a child to reject or fear the other parent, severely disrupts parent-child relationships worldwide. Erasing Family tells the stories of children, siblings, and parents who are currently experiencing that alienation and dives deep into the lives of young adults who are in the process of reconciliation with their estranged parents, offering potential solutions for healing and change from legal and mental health experts.

2266
2:30–3:30 p.m.
A WEEK WITHOUT LYING: THE HONESTY EXPERIMENT
Directed by Vicki Cooper
59 min.

Would the world be a better place if we couldn't lie? This film examines the power of deception in our lives. Using technology that makes it impossible to lie undetected, a blogger, a priest, and an advertising executive were challenged to spend a week without telling a single lie. This social experiment examines the role of deception in our lives, exploring the impact of lying on our mental state and our relationships.

FOREIGN FILM ENTRY: UNITED KINGDOM

2336
4:00–5:50 p.m.
DISCUSSION: SUICIDE—THE RIPPLE EFFECT
Directed by Kevin Hines and Greg Dicharry
93 min.

The journey of Kevin Hines, who at age 19, attempted to take his life by jumping from the Golden Gate Bridge. Today Kevin is a world-renowned mental health advocate, motivational speaker and author who travels the globe spreading a message of hope, recovery, and wellness. The film chronicles Kevin's journey and the ripple effect it has on those who have been impacted by his suicide attempt and his life's work since. In addition, the film highlights the stories of individuals and families who are utilizing their personal tragedy to bring hope and healing to others.

AUDIENCE Q&A WITH KEVIN HINES FOLLOWS THE SCREENING.

SATURDAY August 10

3102
9:00–10:00 a.m.
SHORT FILM TRIO: SUICIDE

CALL CONNECT

Directed by Indiana Bell and Josiah Allen
17 min.

This powerful short film captures a suicide prevention hotline worker's very first call, with limited training and very little experience. The film parallels the desperation of the caller with that of the call responder, eliciting hope and illustrating how to help despite feeling helpless.

APA FILM FESTIVAL AWARD: BEST SHORT FILM

FOREIGN FILM ENTRY: AUSTRALIA

TO GROW APART

Directed by Sarah Gabriel Carnick
17 min.

A young man who comes home to discover his husband has died by suicide. After initially going into shock, the protagonist escapes into a fantasy world. He subsequently has a conversation with the ghost of his dead lover, during which he finally acknowledges that he has been in an abusive relationship all along. In this world, he must make a choice: stay forever, or return to the real world and face his uncertain future.

BETHANY

Directed by Janelle Moorman
11 min.

A young woman with Autism Spectrum Disorder tells the raw story of her mother's multiple suicide attempts and, ultimately, her death by suicide.

SATURDAY August 10

3144
11:00 a.m.–12:15 p.m.
DISCUSSION: THE TWINNING REACTION
Directed by Lori Shinseki
55 min.

An examination of the profound human toll of a tragically failed research experiment in the 1960s. The Neubauer-Bernard study involved the separation of identical twins and triplets during infancy in a misguided attempt to understand nature versus nurture. Legally and ethically dubious at the time, and monstrous by today's standards, the long-term effects of the study on the children were dramatic and often heartbreaking. It tells the stories of four sets of identical twins and triplets who were separated by an adoption agency with the support of NYC-based Jewish Family Services.

DISCUSSION FOLLOWS THE SCREENING.

3185
12:30–12:40 p.m.
1968
Directed by Aaron Rota.
7 min.

During the 1968 Chicago riots, an injured African American protester and a white idealist briefly meet and examine their race and roles in the fight for equal rights. Set during one of the most politically unstable years in Chicago's recent history, this film probes how race and identity interact.

FOREIGN FILM ENTRY: CANADA

3202
1:00–3:15 p.m.
DISCUSSION: BLACKKKLANSMAN
Directed by Spike Lee
135 min.

The incredible true story of Ron Stallworth, an African American police officer from Colorado Springs, Colorado, who successfully manages to infiltrate the local Ku Klux Klan branch with the help of a Jewish surrogate. Together, they team up to take down the extremist hate group as the organization aims to sanitize its violent rhetoric to appeal to the mainstream.

3282
4:00–5:30 p.m.
DENIAL
Directed by Derek Hallquist
90 min.

This documentary examines efforts to address climate change, while also sharing the deeply personal story of Christine Hallquist, who became the first transgender candidate for Governor in the United States. This film is a personal narrative of gender transition that reaches well beyond an environmental documentary. We are each challenged to consider: Can we face, and address, the problems of the world if we can't face the problems within ourselves?

4047
9:00–9:30 a.m.
SHORT FILM DUO

MISDIRECTION
Directed by Carly Usdin
14 min.

How will Camila, a college freshman, successfully shift her thoughts away from an unrequited crush on her roommate and keep her OCD in check? All it takes is a little magic.

MY BIG, BIG SISTER
Directed by Rasmus Sandager
11 min.

This brief film illustrates the impact of anorexia on the family system, sharing perspective through the lens of the overshadowed sister. Despite feeling overlooked and struggling within their family system, a young girl realizes that her sister needs her help.

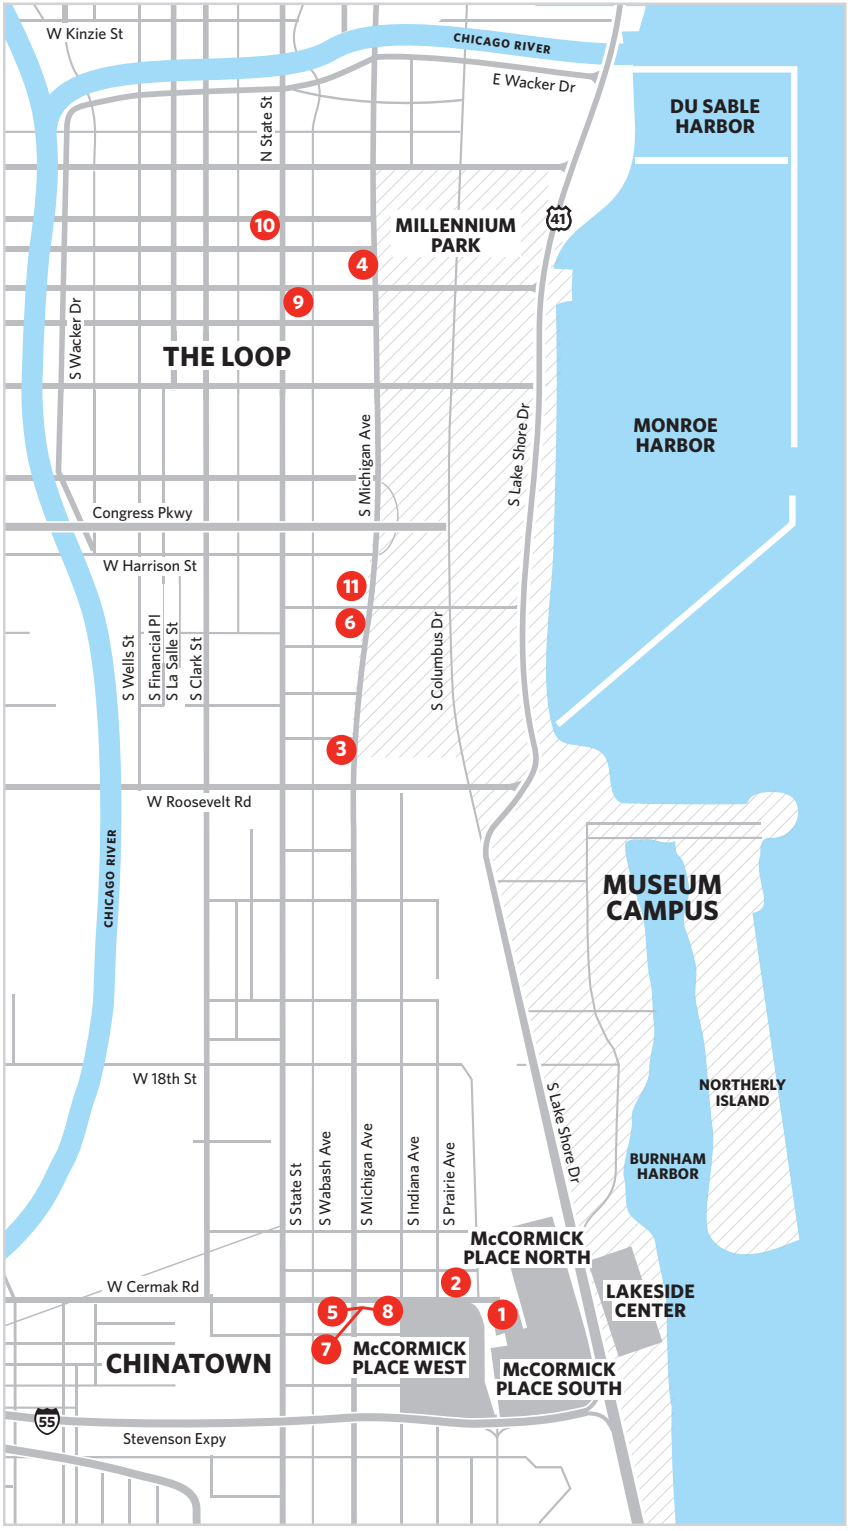

FOREIGN FILM ENTRY: DENMARK

4101
10:00–11:00 a.m.
POWER TO HEAL:
MEDICARE AND THE CIVIL RIGHTS REVOLUTION
Directed by Charles Burnett and Daniel Loewenthal
56 min.

Narrated by Danny Glover, this documentary highlights the important role Medicare played in the fight for equal rights and access to quality medical care in the African American community during the civil rights movement of the 1960s.

*The APA Office of Continuing Education in Psychology uses the Radio Frequency Identification (RFID) tags to track individuals while attending CESessions. The RFID tag is a small microchip embedded in your name badge. These RFID tags are passive tags and can only function when within 8 feet of the electronic sensor (the reader). Rooms where CE Sessions are held are wired to capture in/out times of individuals wanting to claim CE credits. The information captured is not used for any other purpose.

APA Continuing Education Workshops

The APA Office of Continuing Education in Psychology (CEP) and the APA Continuing Education Committee (CEC) are pleased to present 72 continuing education workshops (half and full-day) at APA 2019.

MONITOR ON PSYCHOLOGY

Virtual Reality Expands Its Reach

The first research on the use of VR to treat a psychological issue—fear of heights—was published nearly 25 years ago. Today, VR is being used to treat more than two dozen phobias and is poised to make its way into research labs and therapists' offices.

Video Games With Social Impact

In a far cry from the stereotypical shoot-'em-up entertainment games, a new category of video games is training educators and teaching students physics, history and social-emotional skills.

A New Guideline for Treating Depression

APA's new *Clinical Practice Guideline for the Treatment of Depression Across Three Age Cohorts* provides research-based recommendations for treating depressive disorders including major depression, subsyndromal depression and persistent depressive disorder.

The Multifaceted Role of the Consulting Psychologist

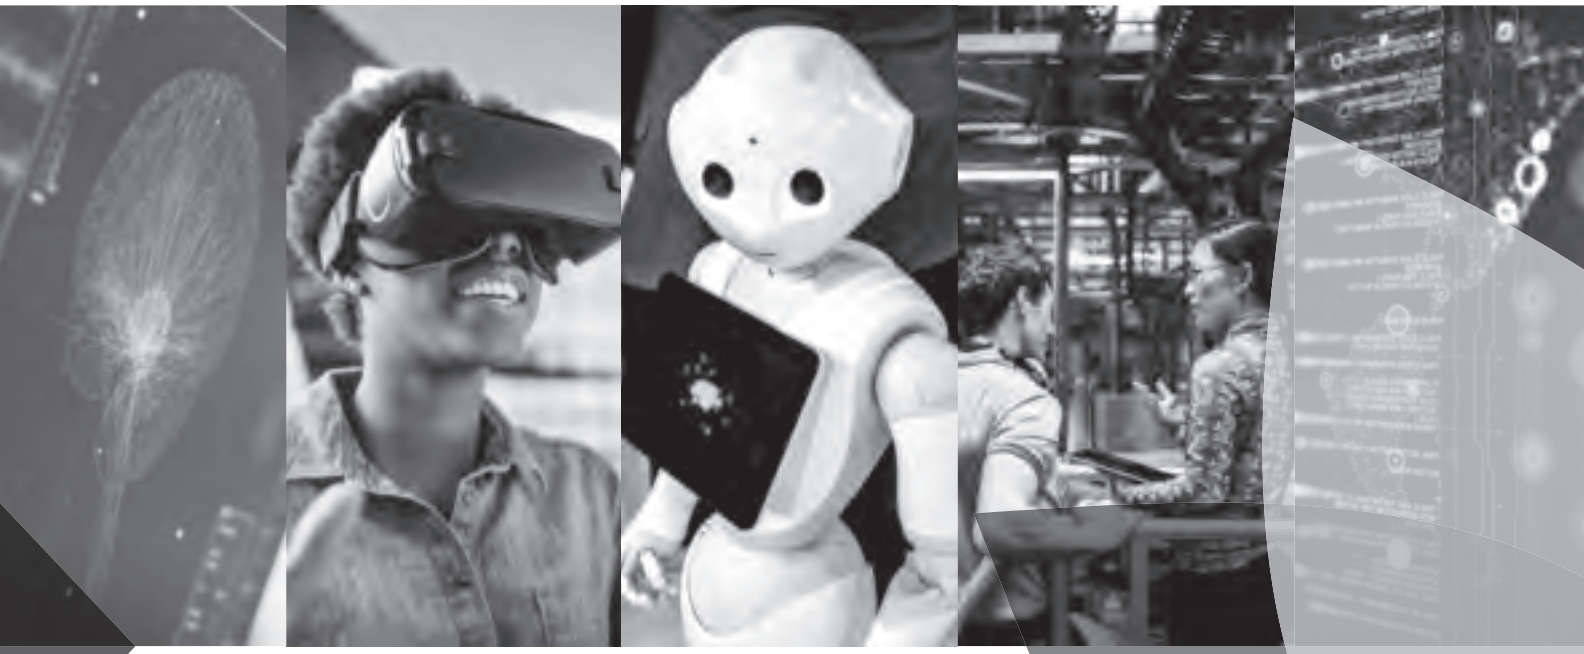

A look at the many career paths possible as a consultant psychologist.

NEW Digital Learning Tools

The American Psychological Association is proud to introduce new digital learning tools for students and instructors in Higher Education. These tools, informed by strong psychological science and designed to enhance traditional teaching methods, engage students more deeply in course content and help to build excitement about our discipline.

Academic Writer™

APA's tool for teaching and learning effective writing

Academic Writer helps instructors support students through the process of writing papers in courses that require APA Style®.

PsycLearn™

Engage students. Advance learning. Elevate psychology.

PsycLearn is an adaptive learning solution for psychology students that instructors will use as a complete course curriculum.

Hear from APA's CEO, Dr. Arthur Evans, about why digital learning tools are an important commitment for APA:

APA JOURNALS®

Meet Editors of *American Psychologist*

Coffee Hour, Saturday, August 10, 2019, 10 a.m. to 11 a.m

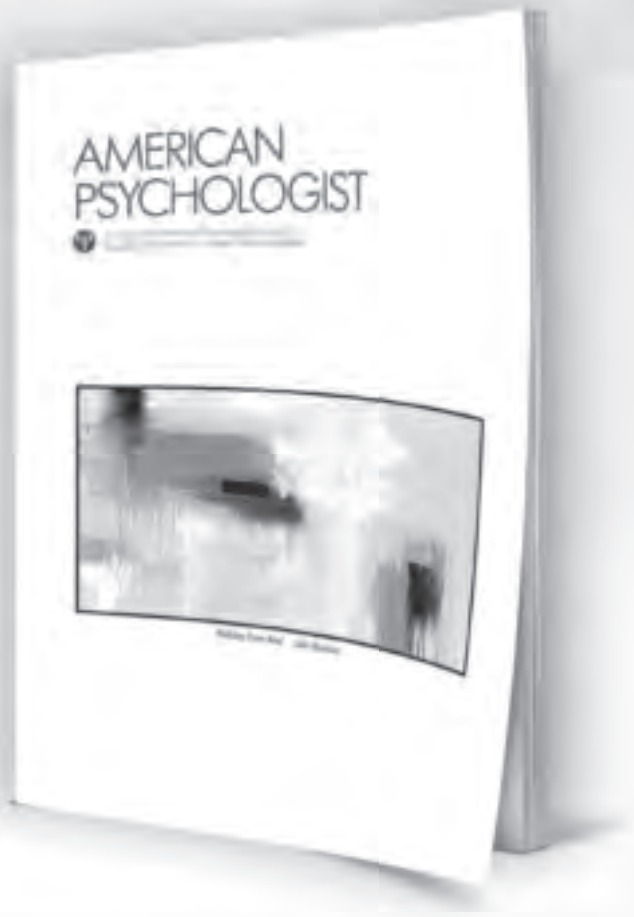

Anne E. Kazak, PhD
Editor-in-Chief

Alex Rutherford, PhD
Associate Editor

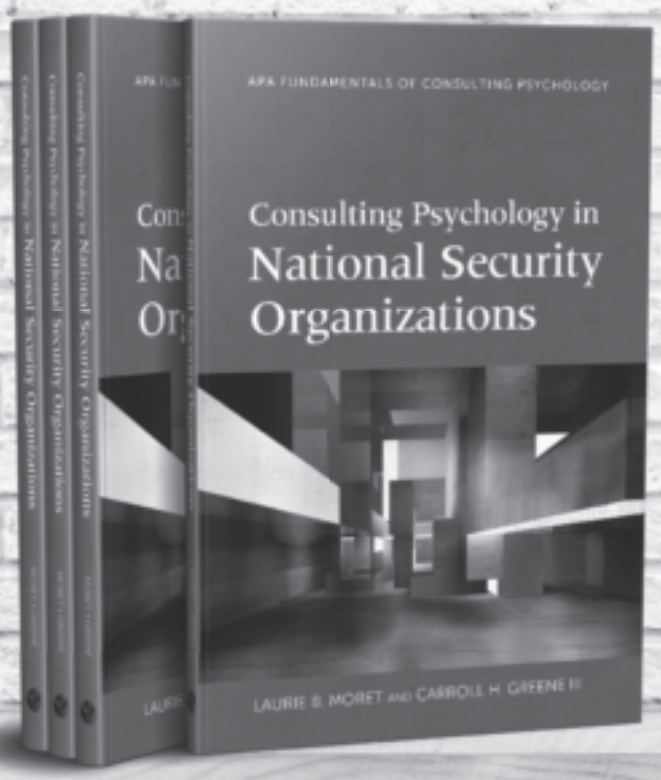

Michael C. Roberts, PhD
Associate Editor

American Psychologist, APA's flagship journal, encourages high-quality empirical research and theory submissions across all subdisciplines of psychology. Over the past 3 years, **Editor-in-Chief Anne E. Kazak, PhD, ABPP**, and her team of seven associate editors have led *American Psychologist* in new directions for psychological science under this new editorial model. Join us at the APA Publishing booth Saturday morning to talk about *American Psychologist* and hear from the Editors!

APA CONVENTION BOOKSTORE HIGHLIGHT

This book surveys the rewarding consulting opportunities that await psychologists in national security settings, and it describes the strategies and skills that are required for succeeding in this unique field.

Visit the Convention Bookstore to Get Your Copy!

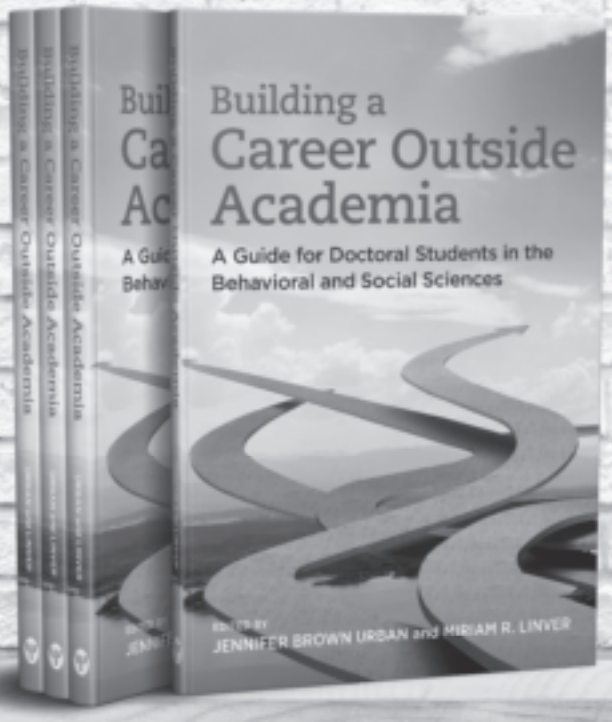

The work of consulting psychologists can be murky to some. What is it that we actually 'do'? Add to that the mystery that many people think of when they think of National Security, and that can create confusion and lack of clarity about what exactly consulting psychologists working in this area may be doing and about the power of the consultant to influence the system. We hope to provide greater understanding about this little understood area of psychological practice.

*"**Building a Career Outside Academia** provides a much needed resource for doctoral students and early career psychologists who are considering a non-academic career as well as their advisers. The book includes chapters written by behavioral and social scientists who have had successful careers in sectors such as government, non-profits, think tanks, and industry."*

—Jennifer Brown Urban, PhD, Montclair State University

"This book is a must-read for anyone who is curious about their career options and how to be competitive on the non-academic job market."

HIGHLIGHT

This updated edition presents selected readings on crucial ethical issues that psychologists encounter in their roles as clinicians, researchers, teachers, consultants, and assessors.

Visit the Convention Bookstore to Get Your Copy!

Mastering "ethics" requires far more than reminding ourselves to be compassionate, commonsensical, and fair—as indispensable as such attributes are universally recognized to be. This latest edition of ***Ethical Conflicts in Psychology*** *remains dedicated to the notion that properly conducted research, teaching, supervision, and clinical services are also grounded in a thorough grasp of carefully selected codes, guidelines, and scholarly treatises—resources that together reflect the most comprehensive practical support our shared discipline can offer us, in any applied context, and at any stage of professional development.*

HIGHLIGHT

This book provides a roadmap for new psychology majors, and inspiration to help motivate students to make the most of internship, research, and service opportunities during their undergraduate years.

Visit the Convention Bookstore to Get Your Copy!

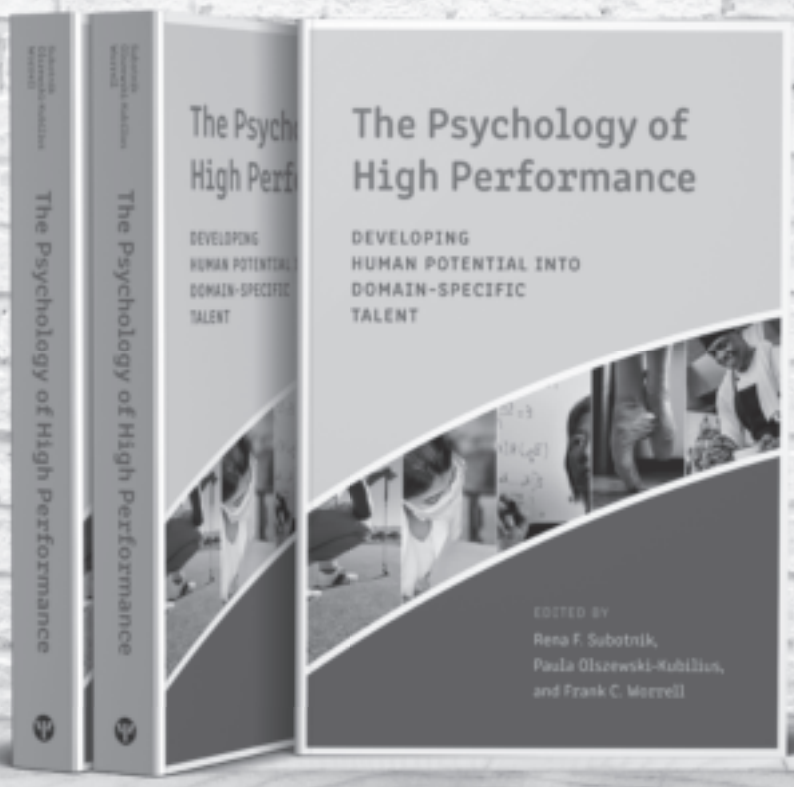

The field of psychology covers a vast terrain. And the work of psychologists is deeply scientific. Yet most students who sign up to study psychology have little understanding of these facts. This book is designed to address this issue by providing aspiring psychologists with a birds-eye view of the field.

Use Pearson assessments to decode client challenges

Assessments can help identify client concerns quickly and comprehensively so you can begin down the path toward better days sooner. Many assessments also provide guidance on treatment recommendations, helping to take the guesswork out of your next steps. They also can be used throughout treatment to track client progress and demonstrate outcomes.

Visit us at Booth #808 to:

1187 Film Festival: White Right—Meeting the Enemy

McCormick Place, Level 1–West Building, Room W196a
Sponsor: APA ad hoc Committee on Films and Other Media

(60 min.) Directed by Deeyah Khan. This powerful 2018 Emmy Award-winning documentary brings viewers into the world of some of the United States' most prominent neo-Nazis and white nationalist leaders. The filmmaker, of Norwegian and Punjabi/Pashtun descent, explores the personal and political reasons for the recent escalation in extremism in the United States, seeking to discover what drives such hatred and leads people to consider people who look like her their enemy.

1232 Film Festival: Sincerely, The Black Kids

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

(35 min.) Directed by Miles Iton. A documentary on the institutional challenges black student government leaders face in primarily white institutions nationwide. Across the country, universities everywhere are becoming battlegrounds for racial politics and agendas. For every loud proponent of "agreeing to disagree" that surfaces, there's a group of black students who don't enjoy the privilege of choosing to be moderate. Follow the stories of black student leaders from American University, Cornell University, Clemson and New College of Florida in a documentary of triumphs and tribulations that prove sometimes it IS because you're black.

- **Note: Times listed are approximate within 5–10 minutes.**

1:00–1:50 pm

McCormick Place, Level 1–West Building, Room W196a
Sponsor: APA ad hoc Committee on Films and Other Media

(93 min.) Directed by Bing Liu. This Oscar nominated documentary is a coming-of-age saga of three skateboarding friends in their Rust Belt hometown hit hard by decades of recession. In his quest to understand why his friends all ran away from home when they were younger, first-time filmmaker, Bing, follows 23-year-old Zack as he becomes a father and 17-year-old Keire as he gets his first job. While navigating a complex relationship between his camera and his friends, Bing explores the gap between fathers and sons.

HOW DID YOU GET THAT JOB?

AN APA VIRTUAL CONFERENCE

There are many ways you can use your psychology degree outside of academia and private practice. Today, psychologists are working in consumer industries, financial services, even among the corporate ranks of major fast-food chains.

These presentations provide an inside look at careers for psychologists in corporate and industrial settings.

PSYPACT

Advancing the Interjurisdictional Practice of Psychology

Created by the Association of State and Provincial Psychology Boards (ASPPB), the Psychology Interjurisdictional Compact (PSYPACT) is an interstate compact that facilitates the practice of psychology using telecommunications technologies (telepsychology) and/or temporary in-person, face-to-face psychological practice.

About PSYPACT

- PSYPACT is a cooperative agreement enacted into law by participating states
- Addresses increased demand to provide/receive psychological services via electronic means (telepsychology)
- Authorizes both telepsychology and temporary in-person, face-to-face practice of psychology across state lines in PSYPACT states
- PSYPACT states have the ability to regulate telepsychology and temporary in-person, face-to-face practice

How PSYPACT Works

PSYPACT must be enacted by a state legislature

Psychologists who wish to practice under PSYPACT obtain:

- E.Passport Certificate for telepsychology
- Interjurisdictional Practice Certificate (IPC) for temporary in-person, face-to-face practice

PSYPACT states communicate and exchange information including verification of licensure and disciplinary sanctions

Benefits of PSYPACT

- Increases client/patient access to care
- Facilitates continuity of care when client/patient relocates, travels, etc.
- Certifies that psychologists have met acceptable standards of practice
- Promotes cooperation between PSYPACT states in the areas of licensure and regulation
- Offers a higher degree of consumer protection across state lines

How PSYPACT Impacts Psychologists

- Allows licensed psychologists to practice telepsychology and/or conduct temporary in-person, face-to-face practice across state lines without having to become licensed in additional PSYPACT states
- Permits psychologists to provide services to populations currently underserved or geographically isolated
- Standardizes time allowances for temporary practice regulations in PSYPACT states

2148 Film Festival: The Absent Carer

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

(10 min.) Directed by Laetitia Cazaux. The film is about old age, loneliness, and the different facets of caregiving. Caroline, a middle-aged, emotionally-detached, always-serious caregiver, goes through her days on auto-pilot. When she makes a mistake and breaks a plate at work, her disabled, elderly patient, Olivia, reaches out to her, seeing her distress. When Olivia persuades Caroline to tell her a joke and subsequently explodes in laughter, the serious caregiver again remembers and appreciates the importance of human interaction. She then decides to rebuild the bond with her own ill, bed-ridden mother. (Foreign entry: United Kingdom)

- **Note: Times listed are approximate within 5–10 minutes.**

2249 Film Festival: Erasing Family

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

(63 min.) Directed by Ginger Gentile. Parental alienation, or the process by which one parent manipulates a child to reject or fear the other parent, severely disrupts parent-child relationships worldwide. Erasing Family tells the stories of children, siblings, and parents who are currently experiencing that alienation and dives deep into the lives of young adults who are in the process of reconciliation with their estranged parents, offering potential solutions for healing and change from legal and mental health experts.

2266 Film Festival: A Week Without Lying—The Honesty Experiment

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

(59 min.) Directed by Vicki Cooper. Would the world be a better place if we couldn't lie? This film examines the power of deception in our lives. Using technology that makes it impossible to lie undetected, a blogger, a priest, and an advertising executive were challenged to spend a week without telling a single lie. This social experiment examines the role of deception in our lives, exploring the impact of lying on our mental state and our relationships.

HIGHLIGHT

This book guides aspiring faculty through the academic job market. Its detailed guidance will help you become a competitive candidate for the position and the college that best fit you.

Visit the Convention Bookstore to Get Your Copy!

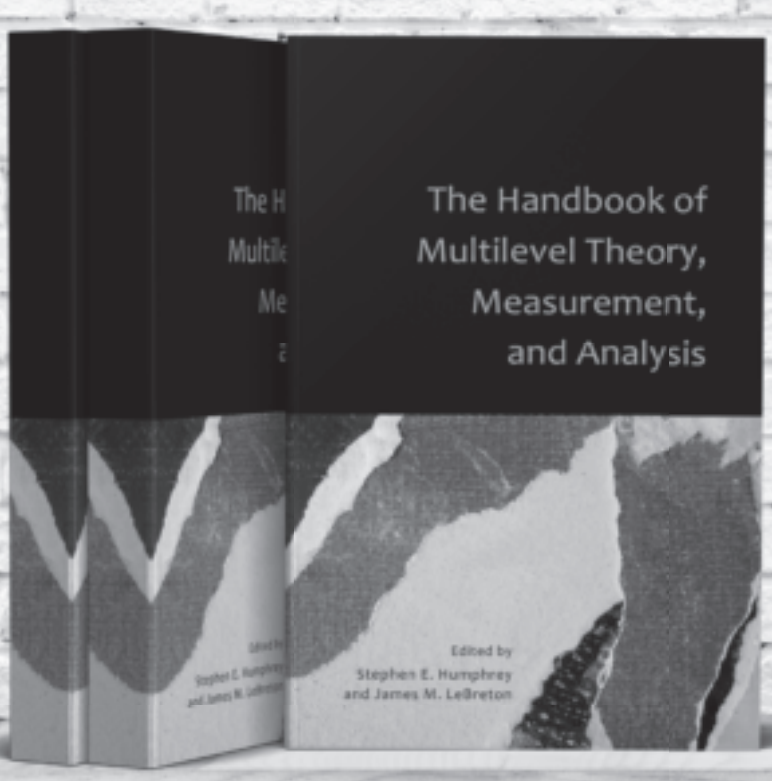

People who want to become psychology professors will find many challenges but little guidance. Graduate students who fought hard for one of just a few spots in their psychology program face even tougher competition for coveted full-time faculty positions. Between these competitive bookends, aspiring professors need guidance on how to search for and land faculty positions. This book offers that advice in a way that is tailored to people who aspire to become professors at all types of colleges and universities.

HIGHLIGHT

This handbook shows scholars how to conduct multilevel research. Chapters discuss the importance of context, dynamics, and complexity, and guide readers through the nuances of research design and analysis.

Visit the Convention Bookstore to Get Your Copy!

As social scientists, we are frequently faced with understanding people in context: how context affects an individual and how an individual affects the context. In this book, some of the best scholars in the world have come together to discuss how to theorize, measure, and analyze these multilevel questions.

This book provides insight into construct emergence, the development of individuals, dyads, sub-groups, and teams over time, and the interplay between levels of analysis. It has information that will be valuable for novices interested in learning the basics, and senior scholars interested in pushing their own boundaries.

The *APA Handbook of Psychopharmacology* provides working knowledge of basic pharmacology and psychopharmacology, examines psychopharmacology for treatment of various emotional and behavioral conditions, and discusses related professional and social issues.

Visit the Convention Bookstore to Get Your Copy!

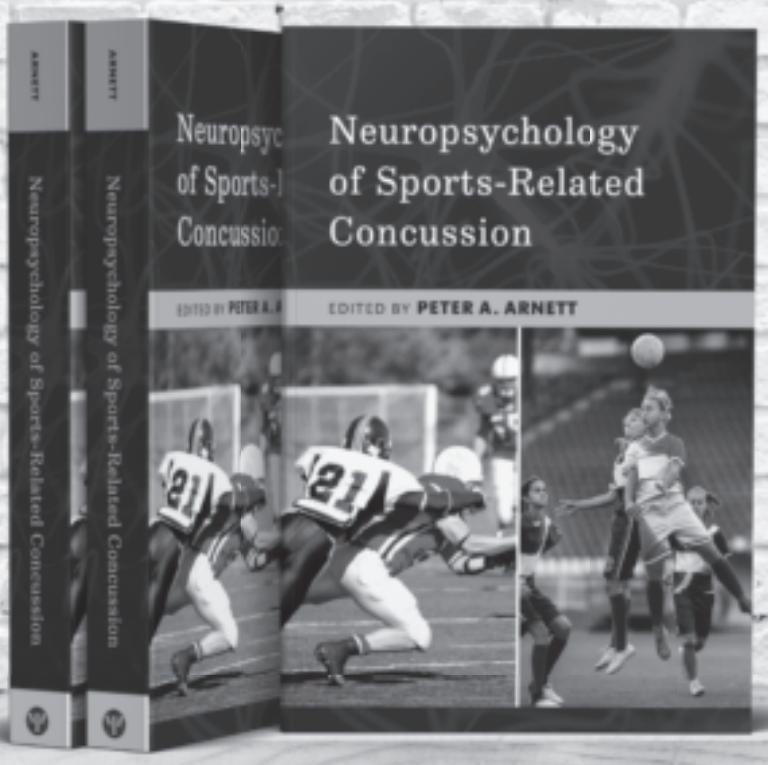

*The **Handbook of Psychopharmacology** is geared towards psychologists and other non-physician mental health care professionals. We envision this handbook as being helpful in several ways: by providing a library reference that captures the most current research to date on pharmacotherapy strategies for addressing emotional and behavioral conditions, as an informative guide for educators and students to strengthen their understanding of the scientific and professional issues associated with the field of psychopharmacology, and as an invaluable desk reference for both researchers and practicing clinicians.*

Arnett has done an impressive job summarizing the most relevant issues in sports-related concussion into a concise, highly readable format. The list of topics covered is thorough and the clinical take-home points at the end of each chapter are a particularly nice touch. This book will be a most useful addition to the library of anyone interested in sports-related concussion.

This book offers essential information about assessing, managing, and providing mental health treatment for suicidal adult outpatients.

Visit the Convention Bookstore to Get Your Copy!

"This book presents an ethically and scientifically informed approach to help psychotherapists to assess, manage, and treat suicidal behavior in adult outpatients…with recommendations reflecting a respectful attitude that is neither alarmist nor dismissive. It covers the steps that psychotherapists should follow, starting with the first question to ask patients, to the standards for good documentation, and essential points in between."

3102 Film Festival: Short Film Trio—Suicide

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

Call Connect

(17 min.) Directed by Indiana Bell and Josiah Allen. This powerful short film captures a suicide prevention hotline worker's very first call, with limited training and very little experience. The film parallels the desperation of the caller with that of the call responder, eliciting hope and illustrating how to help despite feeling helpless. (Foreign entry: Austrailia)

To Grow Apart

(17 min.) Directed by Sarah Gabriel Carnick. A young man who comes home to discover his husband has died by suicide. After initially going into shock, the protagonist escapes into a fantasy world. He subsequently has a conversation with the ghost of his dead lover, during which he finally acknowledges that he has been in an abusive relationship all along. In this world, he must make a choice: stay forever, or return to the real world and face his uncertain future.

Bethany

(11 min.) Directed by Janelle Moorman. A young woman with Autism Spectrum Disorder tells the raw story of her mother's multiple suicide attempts and, ultimately, her death by suicide.

3144 Film Festival Discussion: The Twinning Reaction

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

(55 min.) Directed by Lori Shinseki. An examination of the profound human toll of a tragically failed research experiment in the 1960s. The Neubauer-Bernard study involved the separation of identical twins and triplets during infancy in a misguided attempt to understand nature versus nurture. Legally and ethically dubious at the time, and monstrous by today's standards, the long-term effects of the study on the children were dramatic and often heartbreaking. It tells the stories of four sets of identical twins and triplets who were separated by an adoption agency with the support of NYC-based Jewish Family Services. A discussion follows the screening.

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

(90 min.) Directed by Derek Hallquist. This documentary examines efforts to address climate change, while also sharing the deeply personal story of Christine Hallquist, who became the first transgender candidate for Governor in the United States. This film is a personal narrative of gender transition that reaches well beyond an environmental documentary. We are each challenged to consider: Can we face, and address, the problems of the world if we can't face the problems within ourselves?

McCormick Place, Level 1–West Building, Room W196a

Sponsor: APA ad hoc Committee on Films and Other Media

Misdirection

(14 min.) Directed by Carly Usdin. How will Camila, a college freshman, successfully shift her thoughts away from an unrequited crush on her roommate and keep her OCD in check? All it takes is a little magic.

My Big, Big Sister

(11 mins.) Directed by Rasmus Sandager. This brief film illustrates the impact of anorexia on the family system, sharing perspective through the lens of the overshadowed sister. Despite feeling overlooked and struggling within their family system, a young girl realizes that her sister needs her help. (Foreign entry: Denmark)

50 YEARS OF CSPP | A Legacy of Impact

Founded in 1969, the California School of Professional Psychology (CSPP), was one of the nation's first independent schools of professional psychology. Today, CSPP continues its commitment to preparing the next generation of mental health professionals and advocates. Our dedication to ensuring every community's access to quality mental health care extends from integrated care to inclusive family therapy, and our students and alumni begin making an impact in the communities they serve from the moment they set foot in our classrooms.

The California School of Professional Psychology's Clinical Psychology PhD and PsyD programs offered on the Fresno, Los Angeles, Sacramento, San Diego, and San Francisco campuses are individually accredited by the Commission on Accreditation of the American Psychological Association (APA), 750 First Street, NE Washington, DC 20002-4242.

Not all programs are available online or to residents in all states. Programs vary by location and modality; see the Academic Catalog for detail. Alliant is a private university accredited by the WASC Senior College and University Commission (WSCUC). We are an equal opportunity employer and educator. For more information about our graduation rates, the median debt of students who completed the program, and other important information visit alliant.edu/consumer.

What Foundations Has to Offer

Foundations Recovery Network specializes in dual diagnosis treatment for individuals with co-occurring addiction and mental health issues.

> *FRN's evidence-based treatment programs are considered national models, with a system of care that has been referred to as the "Gold Standard" by Dr. Mark McGovern of the Dartmouth Psychiatric Research Center.*

The FRN treatment model focuses on the goals, needs and desires of the individual person. Creating unique, patient-centered treatment plans produces a higher rate of sustained recovery. This customized approach, along with our top-notch staff and innovative therapeutic methods, sets us apart from other treatment providers.

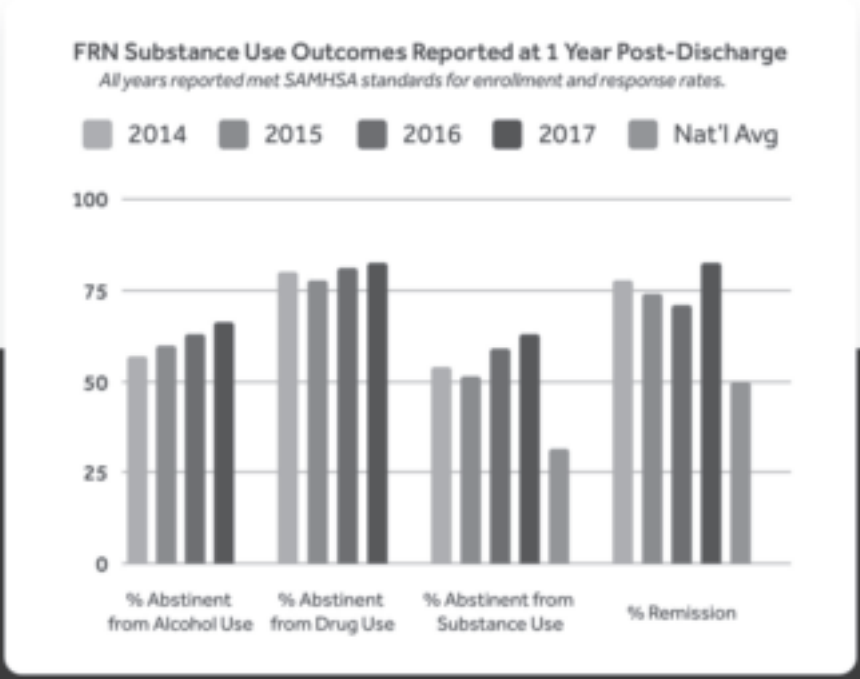

Key Treatment Services:

- **Co-occurring treatment for substance abuse and mental health issues**
- **Continuum of care including Detox, Residential, PHP and IOP services**
- **Specific Young Adult, LGBTQ, Professionals, Family and Trauma Resolution Programs**
- **Aftercare and Alumni Programs**

Foundations operates five residential treatment facilities and 13 outpatient programs across five states. Our continuum of care is designed to meet people where they are and provide the appropriate level of clinical care for their individual needs. We also provide an alumni program designed to offer continued support and encouragement for the inevitable ups and downs life will present outside of treatment.

Transparent & Reliable Outcomes

Very few private addiction treatment providers are willing to be fully transparent with their outcomes. We have a nearly 20-year history of both gathering and publishing valid, reliable research outcomes. All of our research is reported and validated by a third party, which may include the Institutional Review Board and respected scientific journals.

U.S.ARMY

USE YOUR SKILLS TO HEAL AS A U.S. ARMY PSYCHOLOGIST.

As a psychologist and officer on the U.S. Army health care team, you'll play a vital role – ensuring the well-being of our Soldiers and their families. By focusing on what you do best, you have the opportunity to make a difference when it matters most. And if you prefer the Army Reserve, you may continue to work in your community and serve when needed.

To learn more about the U.S. Army and Army Reserve health care team, visit Booth #1434 or go to healthcare.goarmy.com/pu31
